# Lincolnshire's Utilities Superintendent Max Geib Receives Veteran Award for Excellence

**(LINCOLNSHIRE, Ill.)** The Illinois section of the American Water Works Association (ISAWWA) recognizes outstanding water professionals who served or are currently serving the U.S. military and demonstrate notable professionalism and initiative, and who exemplify military values of honor, duty, and service.

Utilities Superintendent Max Geib received this award at ISAWWA's annual spring conference; WATERCON. Max spent 4 years as a member of the U.S. Army engineers operating heavy equipment, plumbing, masonry, carpentry and concrete teams. Utilities Superintendent Geib has been with the Village of Lincolnshire for 5 years, and during that time, he successfully navigated a period of multiple retirements, resulting in the loss of over 60 years of collective Village experience, while maintaining a high quality of resident service. Max continues to demonstrate outstanding leadership when onboarding new staff members, who may have little prior utility experience, by providing invaluable on-the-job mentorship and training.

The Village of Lincolnshire, 1957, is a northern suburb of Chicago and is conveniently adjacent to the Tri-State Tollway. Lincolnshire is home to 7,940 residents, two nationally-recognized public school districts, and over 400 businesses – a number of which are global headquarters and Fortune 500 companies.
