FALL

Village Board Considering a Storm Sewer Utility Fee

The Village completed the Village-Wide Drainage Study in summer 2020 to identify and prioritize storm sewer capital projects. The study identified four major projects to address storm sewer needs throughout the Village:

***Southeast – Windsor Drive*:** sewer main along Windsor Drive to Canterbury Road; laterals along Anglican Lane, Kings Cross Drive, Dukes Lane; new parallel outfall to the West Fork of the North Branch of the Chicago River**.**

***Lincolnshire Drive North*:** sewer main along Oxford Drive; remove and replace outfall to Des Plaines River at Spring Lake Park; lateral at Lancaster Lane and replace sewer between homes at Oakwood and Cedar Lanes.

***Lincolnshire Drive South*:** sewer main along Lincolnshire Drive south; pump station; and new outfall to the Des Plaines River.

***Lincolnshire Creek – Coventry Lane*:** sewer main along Coldstream Circle; laterals at Victoria Lane, Kensington Lane, Coventry Lane; and replace outlet at Des Plaines River**.**

The study explored a variety of options to improve Village storm sewer infrastructure in light of more intense rain events, greater volumes of impervious surface upstream of the Des Plaines River, undersized and aging infrastructure, and early housing development within the floodplain. The study recommended a dedicated revenue source to fund $18.3 million in public storm sewer capital improvement projects, as well as ongoing operational costs.

Recognizing the need for storm sewer improvements, the Village Board incorporated the recommended projects within the Village's 10-Year Capital Improvement Plan, and authorized expenses to begin engineering for certain projects.

Continued on page 2

Continued from page 1 - Storm Sewer Utility Fee

The Village Board also directed staff to explore creating a dedicated funding source for engineering and construction costs using a storm sewer utility fee. A variety of communities across the Chicago metropolitan area have a similar fee in place to pay for storm sewer capital projects. Lincolnshire's proposed fee structure is based on the volume of impervious surface (e.g., driveways, building footprints, parking lots) per property. The fee per property has not been determined yet. The Village also applied for grants to offset project costs which, if awarded, could potentially reduce the fee.

Village staff are finalizing recommendations for the Village Board to determine a baseline fee, as well as how property owners can potentially reduce the fee with storm water infrastructure on their property (e.g., rain gardens). To learn more, scan the QR Code for previous presentations and meeting materials about the fee. You can also contact Ben Roesler, assistant village manager/community & economic development director, at broesler@lincolnshireil.gov or 847-913-2312.

Welcome New Businesses

- **Poke Bros.** – A fast-casual restaurant specializing in Hawaiian-style fresh fish in a bowl (950 Milwaukee Avenue, Lincolnshire Commons)
- **Home2 Suites** – A 113-room extended stay hotel with an indoor saltwater pool, free breakfast, fitness center, and pet-friendly rooms (350 Knightsbridge Parkway, Lincolnshire Corporate Center)
- **Benchmark Products** – A provider of products and services for cleanrooms and critical manufacturing facilities (325 Marriott Drive, Lincolnshire Corporate Center)
- **Homz Mortgage** – A residential mortgage company focusing on the purchase and refinance of single-family and multi-family homes (111 Barclay Boulevard, Lincolnshire Corporate Center)
- **LiftMode** – A health supplements company (425 Barclay Boulevard, Lincolnshire Corporate Center)

"Shop Local, Shop Lincolnshire" This Small Business Saturday!

November 27 is the best day of the year to show your support for friends and neighbors who own or operate small businesses in Lincolnshire! These hard-working entrepreneurs are the economic engine of Lincolnshire, and depend on you to thrive! Dining out, purchasing gift cards, booking staycations, renewing fitness club and golf course memberships, and shopping local retailers and service providers are all great ways of supporting local businesses. Visit the "Virtual Mall" on the Village website for a complete list of businesses, and make your dollar mean more by shopping in Lincolnshire.

Marriott Theatre Set to Reopen in September

After being closed for nearly a year-and-a-half, the Marriott Theatre is scheduled to reopen with *The World Goes 'Round* on September 15, 2021! Theatre staff are hard at work behind the scenes preparing to reopen and are excited to welcome audience members back into the theatre. In addition to *The World Goes 'Round*, other shows scheduled through the remainder of the season include *Kiss Me, Kate*, *West Side Story*, and *The Sound of Music*. Get your tickets today! For additional information, visit marriotttheatre.com or contact the theatre at info@marriotttheatre.com.

The Village Kicks-Off Updates to the Comprehensive & Economic Development Strategic Plans

Village staff are in the process of updating Lincolnshire's Economic Development Strategic Plan and Comprehensive Plan by focusing on key vacancies and areas ripe for redevelopment. The areas include the Lincolnshire Corporate Center/Business Center; the Aptakisic Road corridor; CityPark; Par-King; and the Lincolnshire Marketplace shopping center (home to the former Fresh Market grocery store). Staff engaged the business community via stakeholder meetings consisting of businesses (i.e., major employers and restaurateurs/hoteliers), landlords, brokers, taxing bodies, and regional partners. To augment public engagement, staff intends to launch resident and business surveys, with a possible open house to discuss the draft plan prior to the Village Board's final review and plan adoption towards the end of 2021. For more information, contact Tonya Zozulya, planning & development manager, at tzozulya@lincolnshireil.gov or 847-913-2313.

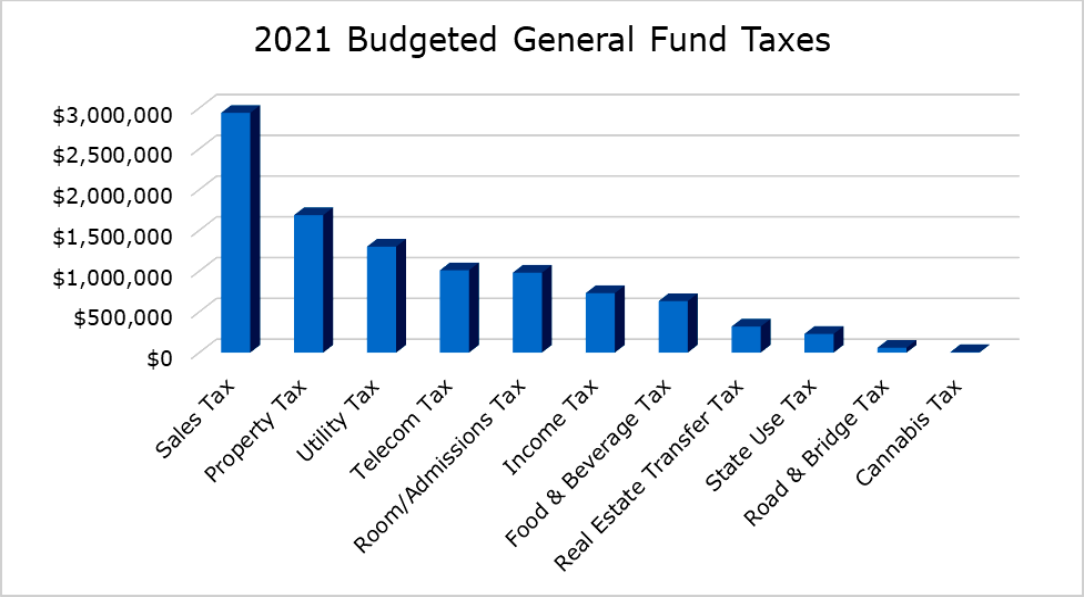
Funding Village Services

Ever wonder how the Village funds all the general services it provides; services like police protection, snowplowed streets, maintained parks and paths, and community events? You may be surprised to learn that your property taxes only fund a minimal portion of the services. The Village only receives about 3% of your total property tax payment and mainly uses those dollars towards State-required pension contributions. Other government agencies (local school districts, fire protection district) and Lake County receive the other 97% of your property tax bill to fund their operations.

So, how does the Village pay for its general services?

Over 80% of revenues used for general government expenses come from taxes other than property tax (⅔ of which are comprised of sales tax, state income tax, utility taxes, and room/admission tax). The other 20% is derived from licenses and fees, traffic fines, grants, and investment earnings.

You may notice that so far there's been no mention of your water bill or the associated water and sanitary sewer services. Those revenues and associated expenses are maintained in a separate Village "fund" called the Water & Sewer Fund. Money collected from your Village utility bill is used to cover the operational costs required in maintaining and upgrading the entire water and sewer system and keeping it in proper functioning condition 24 hours a day, 7 days a week.



Fall Leaf Collection – Begins Mid-October

The annual leaf collection program begins on October 25, 2021. Leaves must be placed in the parkway by Monday morning of your specified pickup week to guarantee same-week collection. Reminder: please do not put leaves in the street. Leaf pickup is scheduled for Monday through Friday as follows:

Residents East of Riverwoods Road	Residents West of Riverwoods Road
October 25 - October 29	November 1- November 5
November 8 - November 12	November 15 - November 19
November 22 - November 26	November 29 - December 3

Do not mix brush, garden waste, tree limbs, vines, lumber, or other yard waste with the leaves. These materials can cause equipment failure and/or injury. Residents can rake leaves into the parkway prior to pick-up week.

Do not put leaves in the street. Leaves in the street can cause hazardous driving conditions, clog storm sewers causing localized flooding, and is a violation of Section 8-3-8 of the Village Code. Notify your landscaper, if applicable, of the Village's leaf pickup schedule. Leaves placed in the parkway after 7 a.m. on pickup date will not be picked up and may result in a fine. Residents are responsible for disposal of any leaves after their last pickup date by either working with a private landscape contractor or waiting until normal yard waste pickup begins on April 1, 2022.

Lost & Found Property

If you lost a phone, bicycle, or other items within the Village of Lincolnshire, please contact Sergeant Jason Zange of the Lincolnshire Police Department at 847-913-2350 to set up an appointment to pick up your property or to inquire about any lost items. Proof of ownership and identification will be required prior to transfer and release any property.

Lost & Found

Winterize Your Home - Do Less Work in the Spring

The following tips can save you a lot of time and headache by prepping your home for winter.

1. **Turn Up the Heat:** Keep home temperatures at 55°F degrees or higher.
2. **Allow Faucets to Drip:** During extreme cold spells, allow faucets to drip slightly to relieve pressure in the system.
3. **Keep Interior Doors Open:** Heat from your home can keep pipes warm if cabinet doors are open.
4. **Seal Cracks and Holes:** Sealing cracks and holes near pipes helps keep cold air outside and (warm air inside).
5. **Add Insulation:** Make sure your pipes have proper insulation to prevent freezing.
6. **Sump Pump Discharge:** Residents are required to redirect sump pump discharges to flow into back yards between November 1 and April 1. This prevents ice buildup in the streets which can create safety hazards and cause damage to roadways and snow removal equipment. Residents may receive violation notices and incur fines for non-compliance.
7. **Outside Storage:** Be mindful of your neighbors when storing equipment and materials outside (e.g., shovels, wheelbarrows, firewood). Only items "incidental" to residential use (e.g., grills and patio furniture) can be stored outside.
8. **Stabilize Your Fence:** Whipping winter winds can wreak havoc on your fence. If you can't connect with a fence contractor ahead of time, stabilize your fence with metal posts to prevent panels from blowing over.
9. **Recreational Vehicle Storage:** If you're cleaning our your boat or camper for the season, call 847-883-9900 to advise the Police Department and make sure you don't receive a ticket. Recreational vehicles can't be parked for more than seven days in a residential area and require permission from the Police Chief.

When It Rains, Check the Drains

Check the storm sewer grates on the street by your house and in your yard in the spring, fall, and after heavy rains. Grates clogged with leaves and trash can cause flooding. During intense rain events, Public Works crews work to keep grates clean, but it does not take much debris to clog a grate and cause issues. Please help avoid these issues on your street by removing the debris away from the grate. If the debris is too large, contact the Public Works Department at 847-913-2380.

Not Sure if You Need a Permit? Call Us!

Lincolnshire requires permits for just about every project needing tools, except decorating (e.g., painting, trim work, and carpeting). Contact Mike Jesse, building official, at mjesse@lincolnshreil.gov or 847-913-2318, or Carol Lustig, administrative assistant, at clustig@lincolnshireil.gov or 847-913-2310 to ensure your next project has the proper permits to avoid delays and additional expenses. You can also save yourself a trip to Village Hall by applying and/or paying for permits online by scanning the "Service Request" QR Code.

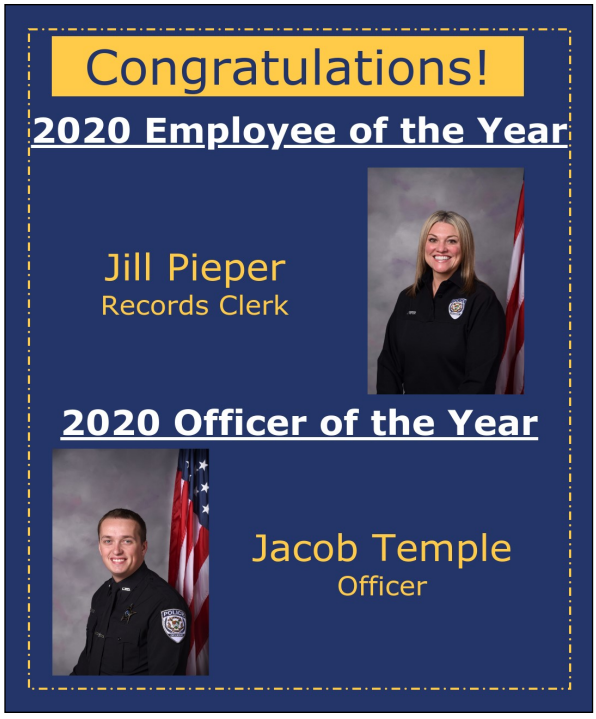
Stay Alive, Don't Drink and Drive

The words driving under the influence, or DUI arrest, may be familiar terms. However, to the Lincolnshire Police Department every DUI arrest requires special attention and a thorough investigation.

Every DUI arrest starts when a police officer makes contact with a driver who they observe might be driving under the influence of alcohol or drugs. To help determine if someone is actually impaired over the legal limit, an officer will use a series of tests known as The Standardized Field Sobriety Tests, or SFSTs. These tests are the Horizontal Gaze Nystagmus Test, which checks the eyes, the Walk and Turn Test, and the One Leg Stand Test, both of which check for balance. Through many years of research, these tests have been validated by the courts and the National Highway Traffic Safety Administration. After administering these tests, if an officer observes enough indications of impairment, the subject will be arrested for driving under the influence. After being arrested, the subject will be given the opportunity to submit to a breath test or a blood and urine test.

The Lincolnshire Police Department ensures roads are safe by conducting DUI enforcement. In 2020 the Lincolnshire Police Department made over 40 arrests for driving under the influence. In the first six months of 2021, roughly 18 DUI arrests were made. According to the Illinois State Police, in 2020 the state saw a decline in DUI arrests, due to less people on the road as a result of the COVID-19 pandemic. However, the Lincolnshire Police Department saw an increase in DUI arrests in 2020. In 2020, the average blood alcohol concentration for those arrested by the Lincolnshire Police Department for DUI, who submitted to a breath test, was approximately 0.153. In 2021, the average blood alcohol concentration was approximately a 0.177. The legal limit to drive is a 0.080.

The Lincolnshire Police Department is committed to the safety of all by continuing to provide the highest quality of police service and DUI enforcement. Always remember, stay alive and don't drink and drive.



Save the Date for Boo Bash 2021!

Boo Bash – the Village's annual family-friendly Halloween celebration – is back at North Park on October 29 from 5 – 8 p.m.! Boo Bash will feature a SPOOK-TACULAR haunted trail, pumpkin decorating, games, contests, and more. Contact Jack Cascone, management analyst, at jcascone@lincolnshireil.gov or 847-913-2331 to learn how your community organization can get involved and host an activity. Check the Village's website, E-News, Facebook, and Twitter for more information. Costumes are encouraged!

FALL CALENDAR

September 6

- Labor Day - Village Offices Closed

September 9

- The Village Club Kick-Off 5 - 9 p.m. at Lincolnshire Swim Club. Get updates at www.facebook.com/thevillageclublincolnshire

September 20

- Riverside Foundation Annual Golf Outing at Royal Melbourne Country Club. Call 847-634-3973 for information

September 23

- Summer in the Shire free concert series - 7 p.m. at Village Green music by *Shyre*

September 30

- SRALC Annual Golf Outing at Steeple Chase Golf Club, Mundelein. Call 847-816-4866 for information

October 29

- Boo Bash - 5 p.m. at North Park, 1025 Riverwoods Rd.

October 31

- Trick-or-Treat - 4 - 8 p.m.

November 7

- Daylight Savings - turn clocks back one hour

November 25 and 26

- Thanksgiving Holiday Village offices closed

December 3

- Tree Lighting Celebration 5:30 p.m. at Village Green

Toys for Tots - Every Child Deserves a Holiday

Since 1947, the Marine Corps and Toys for Tots have made a difference in the lives of American families by providing happiness and hope to less fortunate children during the holiday season. The Village of Lincolnshire, 1 Olde Half Day Road, will once again host a collection box to accept toy donations in November and December at Village Hall. Toy collection will also be available during the Holiday Tree Lighting event at Village Green on December 3. Please continue to check the Village E-News in November and December, and the Winter Newsletter for updates. Let's make it our mission to ensure ALL children experience the magic of the holiday season.
