6-6B-1: Intent and Scope of Regulations

The intent of the B2 District is to accommodate those uses which require substantial land area, are major travel destinations, require substantial support parking and draw their clientele or employees from the regional market. Often times such uses require a high degree of access and roadside visibility or exposure from major thoroughfares.

As the village relies almost exclusively on retail sales generated from properties located in the village to fund its municipal services, this Article is also intended to regulate the conversion or elimination of retail sales establishments through the preservation and enhancement of sales tax generating uses, while also working with the property owners to maintain a viable tenant mix on various properties within this District.

6-6B-2: General Requirements

- A. Outdoor Business and Storage: All business, service, storage, merchandise display and repair processing, where allowed, shall be conducted only within a completely enclosed building except for off-street parking, off-street loading, open sales lots, automobile service facilities, and drive-thru facilities where such uses are allowed.
- B. Production of Goods: The production of any goods on the premises shall be associated with a Permitted and/or Special Use and shall be incidental to the principal use, unless otherwise specifically provided herein.
- C. Performance Criteria: The use of equipment and goods processed or produced on the premises shall not be objectionable by reason of odor, dust, smoke, cinders, gas, noise, vibration, refuse matter or water-carried waste.
